Description			
<i>Provide a short description of the event and its activities.</i>			
<p>On 12-15th of May 2023, Association Se Poate hosted a WP7- Empower civil society and young people to actively participate in European politics conference in Bucharest, Romania. The aim of the event was to empower civil society and young people to actively participate in European politics, discuss young participation in European politics and understand the particular point of view from young people towards European politics.</p> <p>Finalizing project communication outcomes to create a series of online training videos on the application of the Charter in local politics.</p> <p>Creating online training videos on the application of the Charter in local politics will be a valuable resource for individuals involved in local government.</p> <p>To finalize the project communication outcomes and ensure the success of the working groups, here are some steps to follow:</p> <p>Step 1: “Dignity, Freedom, Equality, Solidarity, Citizens’ Rights, or Justice” will be showcased in each video.</p> <p>Step 2: Conduct research: Gather relevant information, case studies, and examples that demonstrate how each principle can be applied in local politics. Ensure the information is accurate and up-to-date.</p> <p>In a virtual environment, there are various types of activities that can be conducted. Here is a selection of examples:</p> <ul style="list-style-type: none"> ● Working on a Webquest or Treasure Hunt ● Participate in forum discussions ● Case studies ● Creating infographics ● Creating mind maps or concept maps ● Creating and presenting videos ● Creating virtual portfolios ● Role-playing ● Video analysis ● Playing with simulators ● Creating interactive presentations ● Podcast recording ● Creation of Wikis or collaborative elaboration of documents. ● Participation in videoconferences ● Online questionnaires <p>Step 3: Scriptwriting: Develop a script for each video, outlining the key points, examples, and explanations that will be covered. Write clear and concise scripts that effectively convey the information.</p> <p>Step 4: Visual planning: Determine the visual elements that will accompany the content of the videos. This may include images, graphics, charts, or video footage that support the information being presented.</p> <p>Step 5: Video production: Begin filming or creating the necessary visual elements for each video. This may involve recording interviews, capturing relevant footage, or creating animations and graphics.</p>			

Step 6: Video editing: Use video editing software to compile and edit the footage, visuals, and audio. Trim unnecessary segments, add captions or subtitles, and ensure a smooth flow of content.

Here are the some suggested tools to create videos:

- Vyond
- Canva,
- Vimeo,
- Wideo.

Step 7: Finalize the videos: Make the necessary adjustments based on the feedback received. Ensure the videos are polished and align with the project's objectives and desired outcomes. Finalized videos will be sent to Se Poate: melike.ozturk@asociatiasepoate.ro.

Step 8: Upload and promote: Upload the finalized videos to the EU Commission's platform (Deliverable D7.2) and your website (localeu charter.com) in the designated e-Learning area. Promote the availability of the training videos through various channels to reach the target audience.
